

Arabic Number Matching Game

HOW TO USE THIS FILE:

- ❖ Print all pages. I preferred to print the pages on cardstock and then laminated them prior to cutting out the pieces. For those of you who do not have a color printer – remember that Kinko's (in the US) has facilities where you can use their computer and print off documents in color for a fee.
- ❖ Cut out all the pieces (along the lines) of the Arabic Memory Sheets.
- ❖ Use these sheets for a matching game. Simply lay down all the cards face down. Have your child turn over (one at a time) two cards each time. If they find a pair, set them aside. If not, turn the cards over again and pick another two cards. Your child must try to find the pairs of each Arabic number. To improve recognition of the Arabic numbers, tell your child what letter has been turned over each time.
