

The Apple Express

Learn Your Arabic Numbers!

How to make:

3. Print out all the pages in this document. I printed my documents on card stock so they will last longer. I also prefer to laminate each page.
5. Cut out all the pieces.

Game :

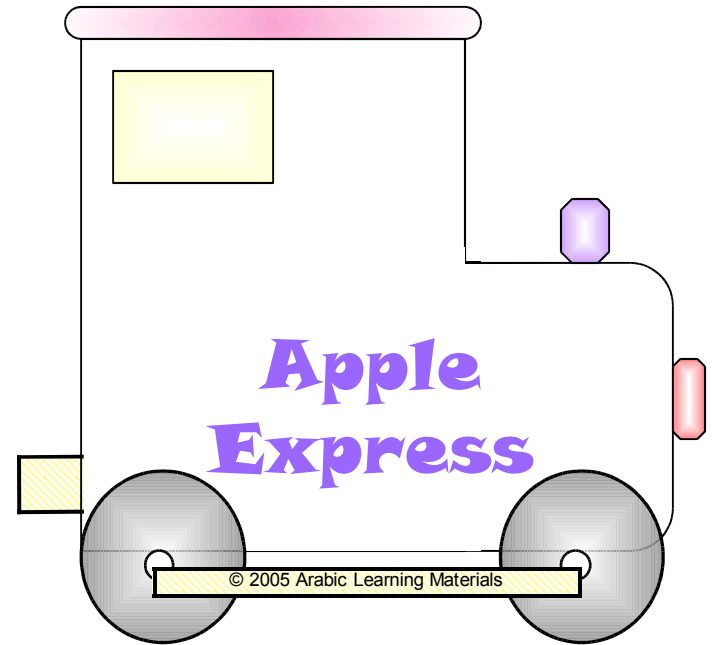

- Mix up the train cars so that they are not in order. Read the instruction page to your child. Have your child put the train cars in order. If you have the time (and are willing) you could make the end of this game a special treat – bake an apple pie with your child.

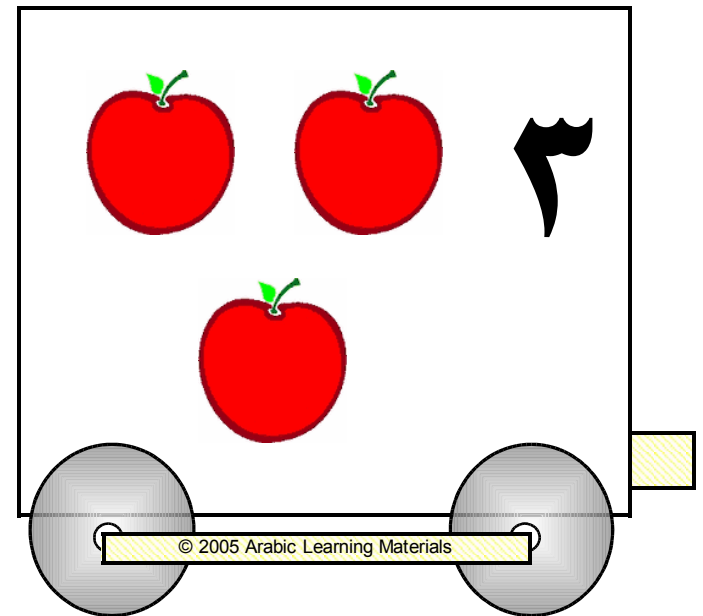

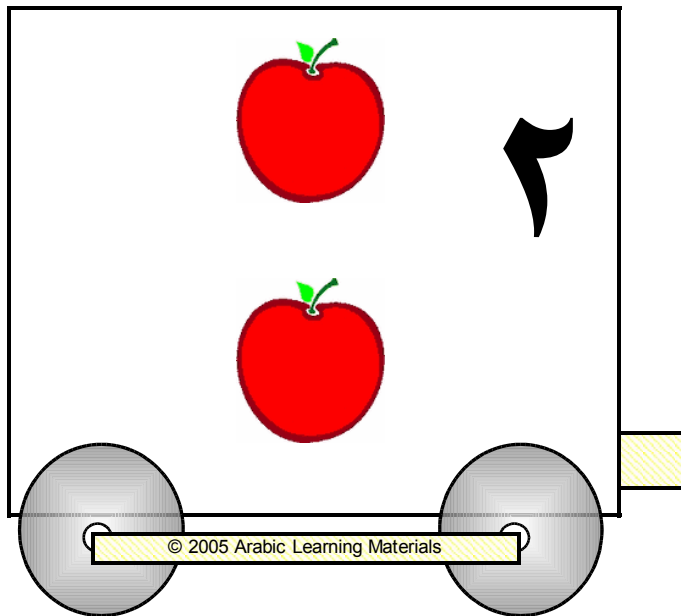

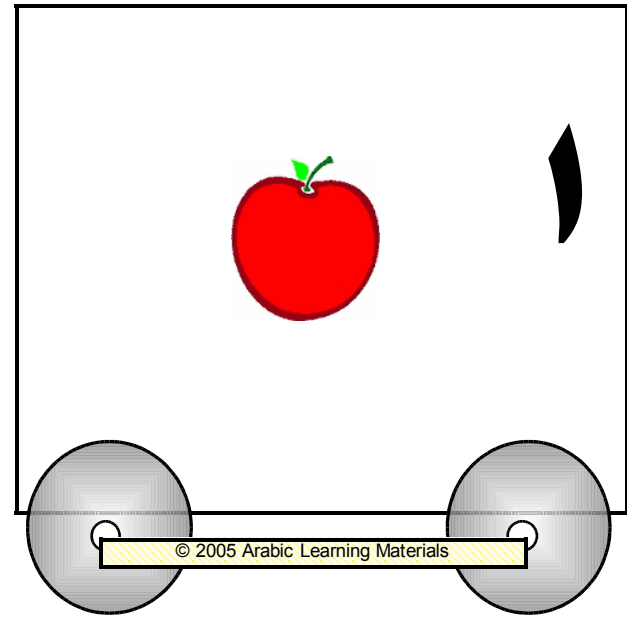

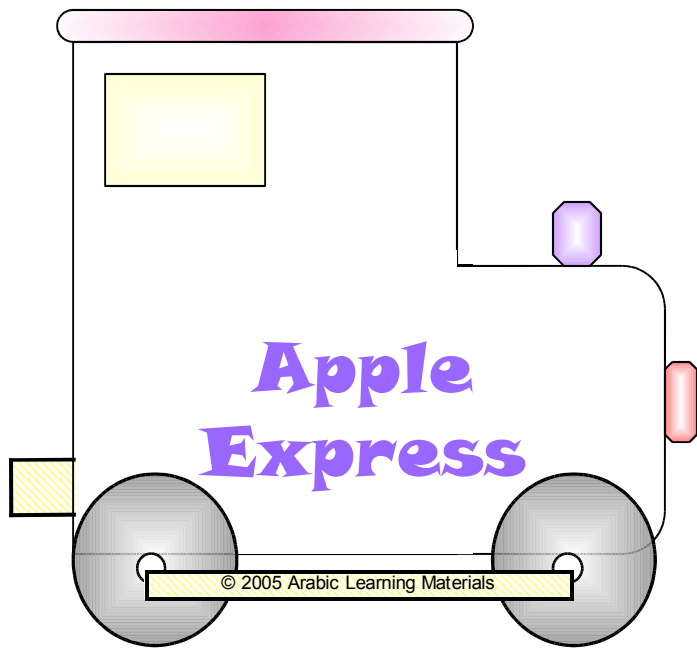

The Apple Express needs your help!

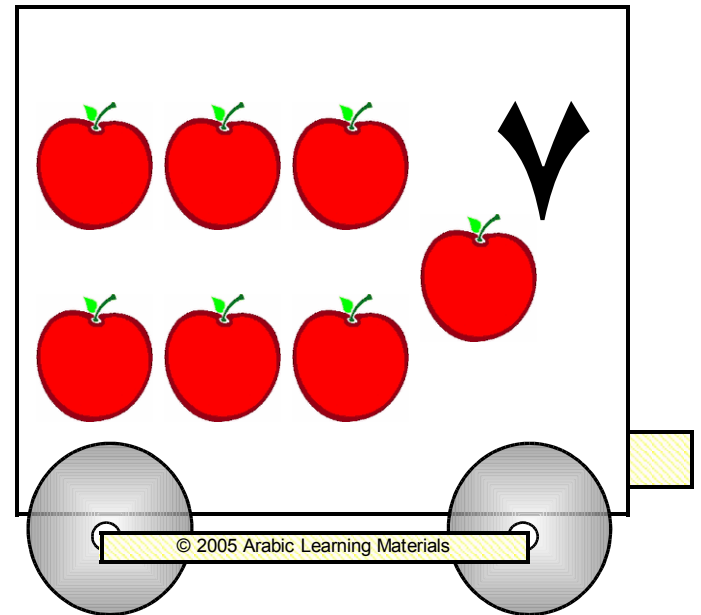

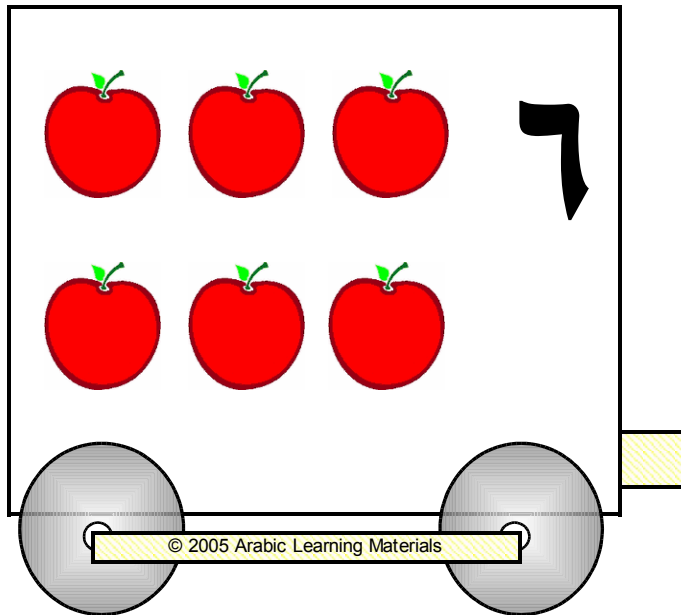

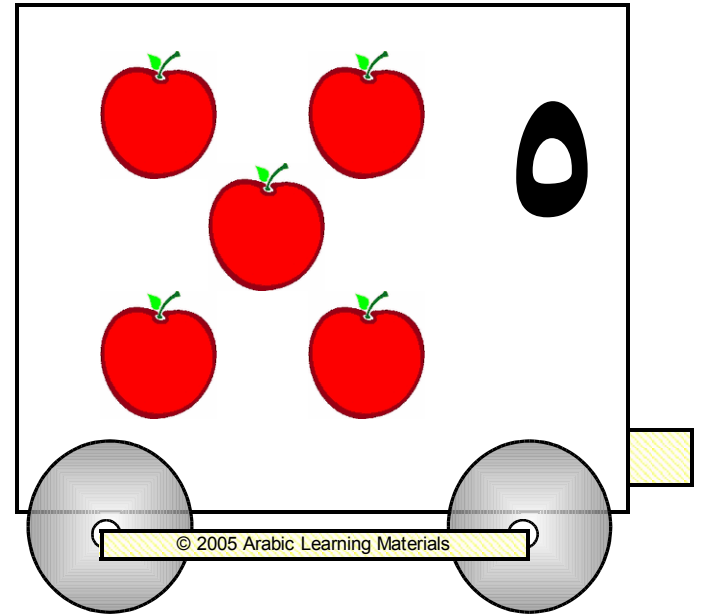

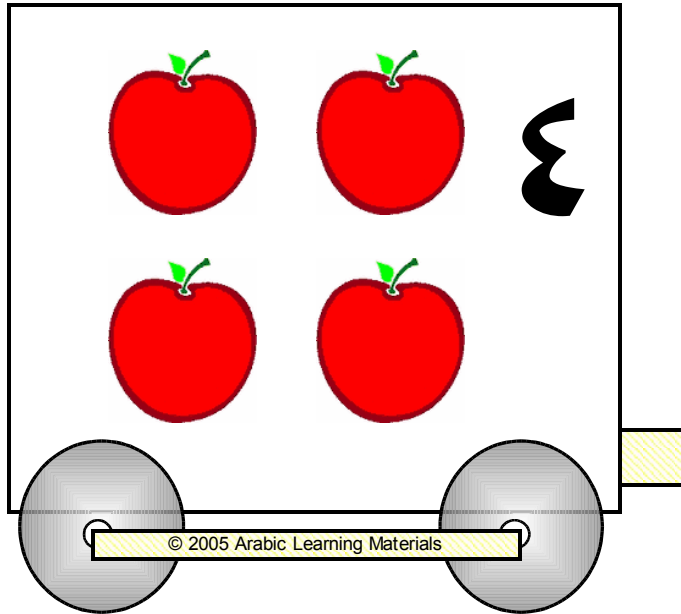

Auntie is making apple pies to sell at the Masjid Bake Sale.

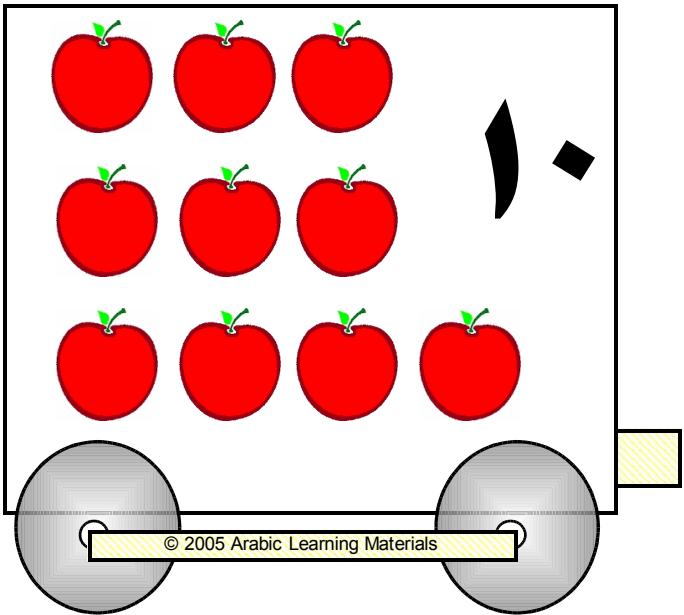

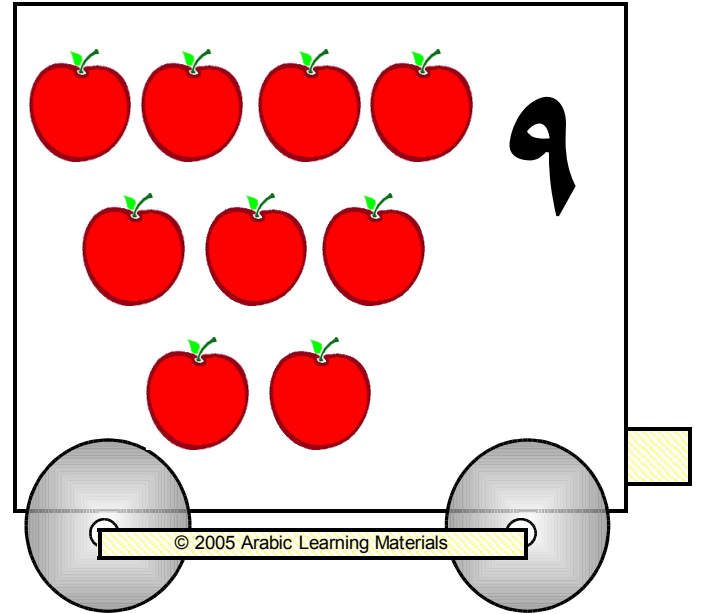

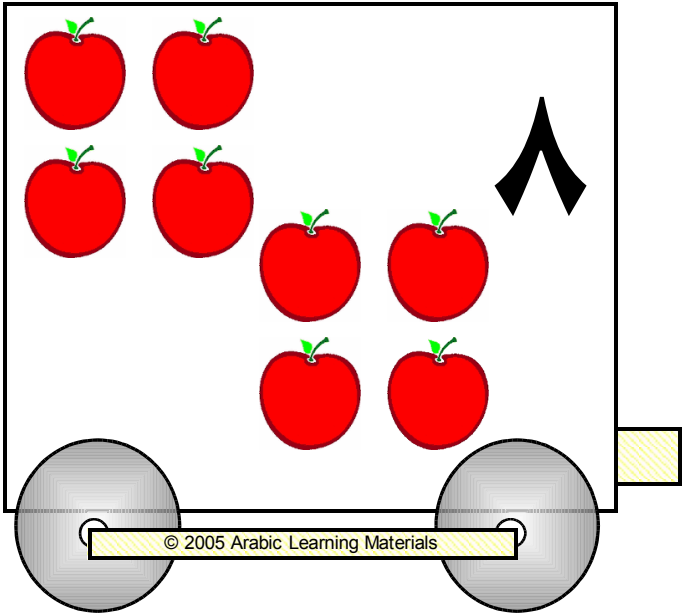

She is waiting for her apples to arrive on the Apple Express.

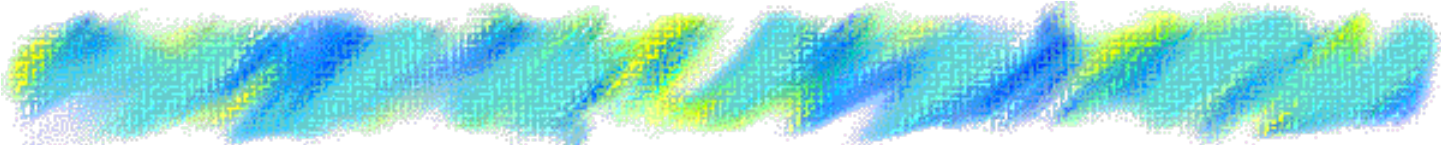

The only problem – they can't start the train because the cars are all mixed up – can you help put the cars in order? Put the cars in order and you win the game!
